# Bridge Your Future - UCAS Summer School in 2025

**UCAS-ANSO-APRU**  
**International Summer School**  
**2025 Theme:**  
**Earth Science for a Shared Future**

**Deadline of Application: April 30<sup>th</sup>, 2025**

**Online coursework (ZOOM):**  
June 25<sup>th</sup>- July 1<sup>st</sup>  
**Onsite research project:**  
July 5<sup>th</sup>- 11<sup>th</sup>  
In Beijing, Xi'an, Nanjing

**Highlights:**

1. Attend lectures in Earth Sciences;
2. Participate in the Doctoral Student Forum;
3. Conduct research in state-of-the-art labs;
4. Supervised by exceptional scientists;
5. Visit advanced research facilities;
6. Immerse in Chinese cultural activities.

Application Deadline: Wednesday, April 30<sup>th</sup>, 2025

Application Portal: International Student Online Application System (<https://isucas.ac.cn/#/login>)

## Program Introduction

**University of Chinese Academy of Sciences (UCAS)** is a research-intensive institution primarily focused on graduate education. UCAS International Summer School (UCASISS) aims to provide international young talents with an authentic and engaging experience of graduate study at UCAS. UCASISS 2025 will be jointly hosted by The Alliance of National and International Science Organizations for the Belt and Road Regions (ANSO) and Association of Pacific Rim Universities (APRU), with the theme "Earth Science for a Shared Future." This initiative embodies the concept of Open Science, striving to make science more accessible, inclusive, and equitable for the benefit of all.

Here, you will embark on a journey to explore cutting-edge research in Earth Science at UCAS colleges and the institutes of Chinese Academy of Sciences (CAS), you will join a community of young talents converging to tackle global challenges, supported by world-leading laboratories, state-of-the-art research facilities, and top-tier research teams, including post-docs from around the world.

We look forward to bringing together global young talents to collectively address global challenges for a shared future.

## Program Highlights

1. Attend lectures on the latest advances in Earth Sciences;
2. Participate in the Doctoral Student Forum, share academic achievements with students from China and around the world;
3. Conduct research in state-of-the-art labs;
4. Collaborate with a research team under the guidance of exceptional scientists;
5. Visit advanced research facilities;
6. Immerse in local Chinese cultural activities.

# Bridge Your Future - UCAS Summer School in 2025

## Program Duration

### Online coursework (ZOOM):

June 25<sup>th</sup> (Wednesday) - July 1<sup>st</sup> (Tuesday), lasting 7 days

The schedule for online coursework will be emailed to all applicants by mid-May 2025. We warmly welcome anyone interested in our topics to join our online courses. Please note that attendance is limited and will be granted on a first-come, first-served basis.

### Onsite research project:

July 5<sup>th</sup> (Saturday) - 11<sup>th</sup> (Friday), lasting 7 days

Onsite research projects will be conducted at the following host institutions. Applicants must choose one institution when submitting their application. The detailed agenda for the onsite research project will be emailed to selected participants by their host institutes before May 31st, 2025. Participants are advised to take a direct flight to the cities where their host institutions are located.

### Beijing

1. **College of Resources and Environment, UCAS**
  2. College of Earth and Planetary Sciences, UCAS
  3. Institute of Geographic Sciences and Natural Resources Research, CAS
  4. Institute of Geology and Geophysics, CAS
  5. Institute of Tibetan Plateau Research, CAS
  6. Research Center for Eco-Environmental Sciences, CAS
- Note: Student should register at UCAS Yanqihu Campus.

### Nanjing

7. Nanjing Institute of Geology and Palaeontology, CAS
- Note: Student should register at their chosen institution.

### Xi'an

8. Institute of Earth Environment, CAS
- Note: Student should register at their chosen institution.

## Qualifications

- **Theme:** Earth Science for a Shared Future
- **Mission:** Advance **Open Science** principles (accessible, inclusive, equitable)
- **Eligibility Criteria**
  - **Current full-time student** (graduate/undergraduate/PhD at your home university)
  - Must have completed at least 2 years undergraduate studies at home university by the start of onsite project (July, 2025)
  - **Background in:** Earth/Environmental Science, Ecology, Biology, Chemistry, Physics/Mechanics *or related fields*
  - Excellent academic record + passion for Earth Science frontier research
  - Fluent in English
- **Program Features:**
  - **Explore cutting-edge research** in Earth Science across CAS institutes
  - Engage with **global young talents** to address planetary challenges

## Benefits

- 💰 **Financial Support**
  - **Full coverage:** Support from ANSO and UCAS, covering tuition waivers, registration fees, local accommodation, meals and health insurance
  - A certain amount of international travel subsidy provided by APRU and UCAS for students come from APRU members and excellent students after review (*See APRU member list*)
- 🔬 **Academic Opportunities**
  - Experience in frontier scientific research and traditional Chinese culture
  - Outstanding international participants will be prioritized for full scholarship to support their graduate study at UCAS;
- 🏠 **Cultural & Professional Growth**
  - Immersive workshops in **traditional Chinese culture**
- 🌟 **Certification**
  - Certificate for Participation;
  - Outstanding presenters at the Doctoral Student Forum will receive honorary certificates.

## Application

### Important time node:

- Application Deadline: **Wednesday, April 30<sup>th</sup>, 2025**
- Application Portal: International Student Online Application System
- Admission Batches:
  - First batch: **April 15<sup>th</sup>, 2025**
  - Second batch: May 5<sup>th</sup>, 2025

### Application Materials:

- A scanned copy of the passport's personal information page (valid for at least six months);
- Electronic copy of a recent two-inch half-length bareheaded and full-face passport photo;
- Latest academic transcript issued by the home institution;
- Recommendation letter from an associate professor or higher;
- Certificate of highest degree (Optional);
- Transcript of highest degree (Optional);
- Study certificate (Optional);
- Proof of English proficiency (If have; not required for native English speakers or student from APRU partner universities);
- First page and abstract of published academic papers (Optional).

# **Bridge Your Future - UCAS Summer School in 2025**

## About UCAS

**UCAS, formerly named Graduate School of CAS**, was the first graduate school in China. In 2014, UCAS started enrolling undergraduate students, and since then an intact higher educational system has been established. Being the largest graduate education institution in China, UCAS has over 70,000 ongoing students, and near half of them are doctoral students. With strong support from CAS institutes all over China, UCAS espouses the philosophy of "The Fusion of Scientific Research and Teaching" as its basic system of education. The disciplines represented at UCAS include all fields of natural science and over 60% of engineering. According to the Essential Science Indicators (ESI) report released in March 2025, UCAS ranked No.1 in China and No.15 worldwide with 7 disciplines in the top 0.01%, 14 disciplines in the top 0.1% and all in the top 1% among the 22 ESI disciplines.

UCAS has established close partnership with over 100 world-renowned universities and research institutes. Based on CAS overseas institutions, UCAS is building overseas joint centers for education and research to promote capacity building on B&R. UCAS is responsible for the enrollment and management of the master's and doctoral candidates of the ANSO Scholarship Program, Chinese Government Scholarship and UCAS Scholarship for International Students.

# Online Registration Guide

Step-by-step instructions

## 1. Log in to the system:

Access the registration portal at <https://is.ucas.ac.cn/#/index> and register for an account.

The screenshot shows a web browser window with the URL <https://is.ucas.ac.cn/#/login>. The page header includes the University of Chinese Academy of Sciences logo and the text "International Student Online Application System". There are links for "Language" and "Admission User Guide". The main content area features a "LOG IN" section with three input fields: "Please Enter Register E-mail/Student ID NO.", "Please Enter Password (The password must be)", and "Please Enter Code". The code field contains the value "50072". Below the input fields are two buttons: "LOG IN" (blue) and "Register an Account" (orange). A link "Forgot Password?" is also present. To the right of the login fields is a "NOTICE" section with a "Description" and a "Notice". The background of the page shows a scenic view of a university campus with a large orange bridge.

**LOG IN**

Please Enter Register E-mail/Student ID NO.

Please Enter Password (The password must be

Please Enter Code 50072

**NOTICE**

**Description:**

This system is used for international student admission application and information inquiry, as well as processing and querying information such as dormitory, registration, student status, attendance, school affairs.

It is strongly suggested that you use IE browser (version 10.0 or above), 360 browser (Speed mode), Firefox browser or Chrome browser to finish online application.

**Notice:**

If this is your first time using this site, please register first to log in in the system. Each email address is allowed to register for one account only. Please click to see Registration guide.

Please read the ["Admission Application Guide"](#) carefully before applying for admission.

The information must be filled in Chinese or English.

Copyright © 2024 University of Chinese Academy of Sciences. All rights reserved

Begin your application:  
Under the "**Start Application**" section, proceed to Step 1 and select the "Summer School Program".

The screenshot shows the homepage of the International Student Online Application System. The header includes the university logo and navigation links for Language, Admission User Guide, Station Letter, and Sign Out. A welcome message is displayed, followed by user information: Name, Email (993668308@qq.com), Student ID NO., and Passport NO. A "Change Password" link is also present. The "PERSONAL INFORMATION" section contains links for Application Record, Update Flight Tickets, Update Bank Card, Dormitory Reservation Record, Registration Record, and Returning Record. The "ADMISSIONS SERVICE" section features a red box around the "Start Application" icon, with a red arrow pointing to it. Other icons in this section include Registration, Dormitory Reservation, and Online payment. The "THE SCHOOL SERVICE" section includes icons for Student Affairs, Accommodation, Returning, Off-campus Residence Change, Online payment, Application Form, Application for Excellent Student, Living off-campus Application, and Leave Application. A "Notice" section is at the bottom.

The screenshot shows the application steps page. The header is identical to the homepage. A progress bar at the top indicates five steps: STEP 1 (Select Enrollment Projects), STEP 2 (Choose a Major), STEP 3 (Application Form), STEP 4 (Funding source), and STEP 5 (Upload Files). The main content area displays two application options: "Degree Programs Application" and "Visiting Students Programs Application" on the left, and "Summer School Program" on the right. The "Summer School Program" icon is highlighted with a red box and a red arrow.

In Step 2, choose a specific institution.

#### Important Notes:

- All listed institutions are open for summer school applications.
- While you may apply to any institution under the University of Chinese Academy of Sciences (UCAS), please note that some institutions are located in **Beijing**, while others are in **other cities across China**.
- Only the "College of Resources and Environment"** hosts the summer program at UCAS's main campus, **nestled at the foot of the majestic Great Wall and by the beautiful Yanqi Lake**. Other institutions may be located outside Beijing or in urban areas with busier environments.

## Select your academic focus:

After selecting the **College of Resources and Environment**, proceed to **Step 3**, where you may choose any **academic direction** from the three available fields
